

The future of Asia Pacific: identifying growth in disruption

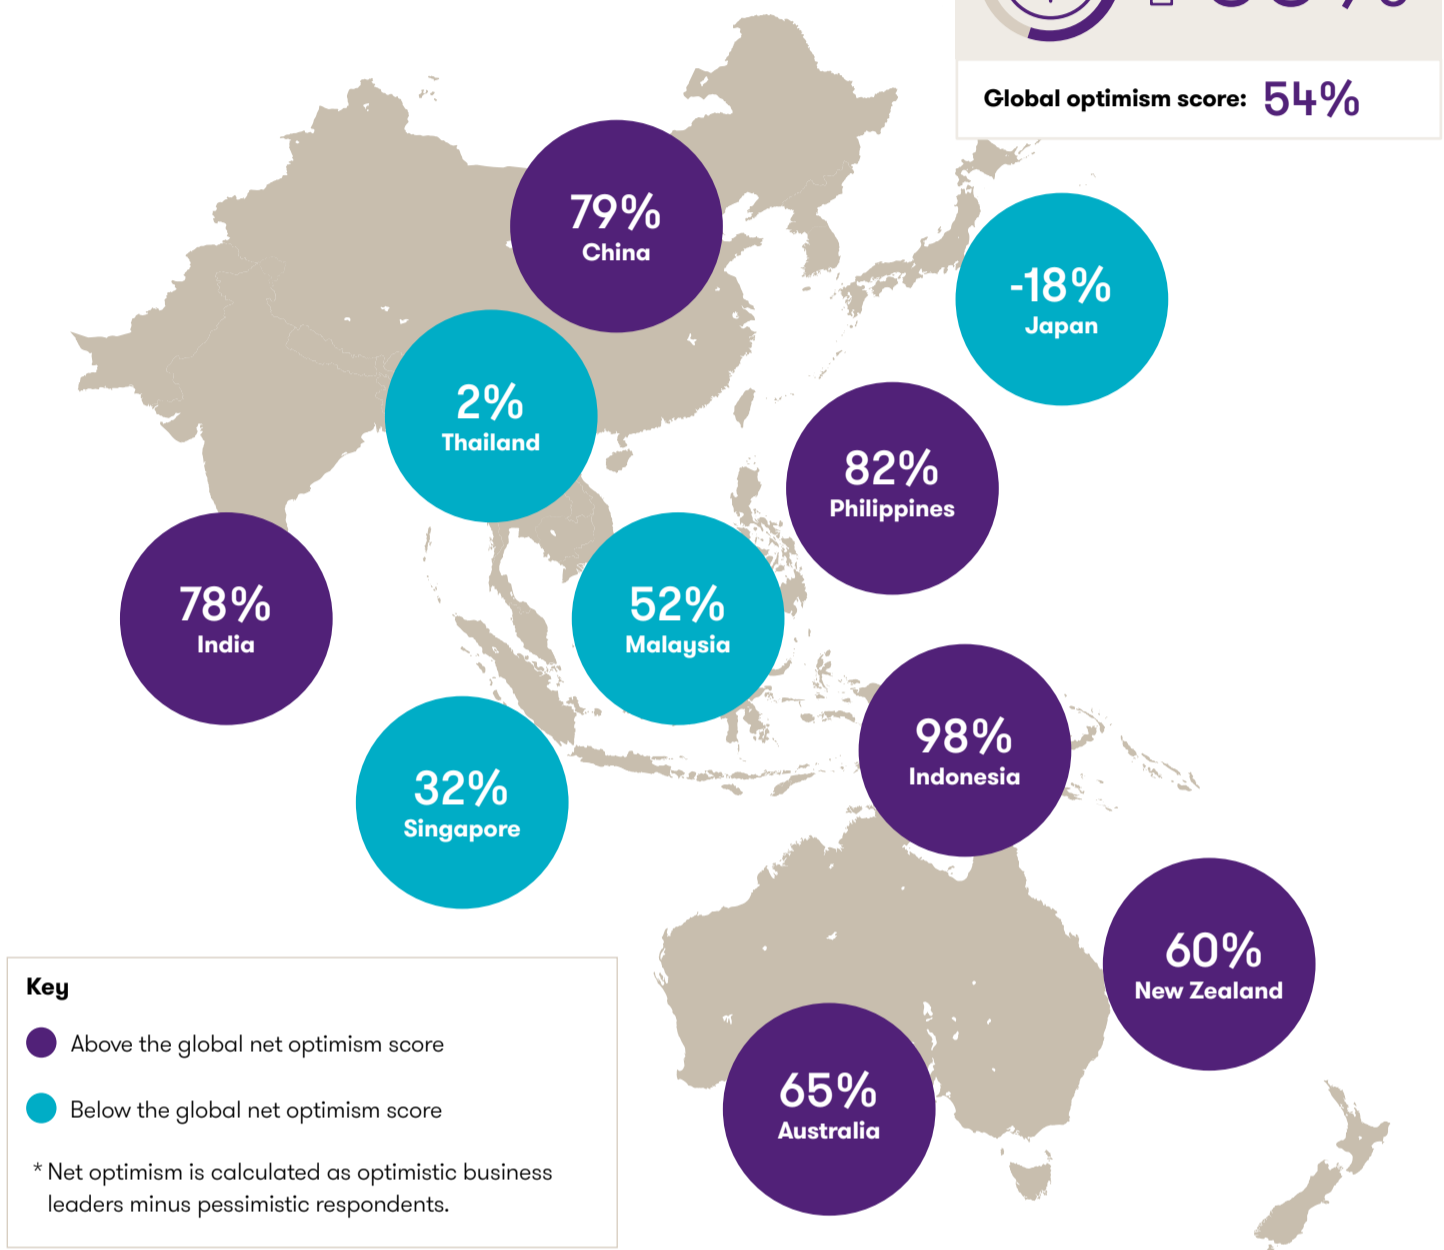

Broad and healthy economic growth continues in the Asia Pacific region, and business optimism is buoyant. The Association of Southeast Asian Nations (ASEAN) is a particularly bright spot, with record levels of optimism at net 64%. What are the trends and opportunities driving this dynamic business landscape in 2018?

Net business optimism* strong across APAC in Q2 2018

APAC optimism score

Global optimism score: 54%

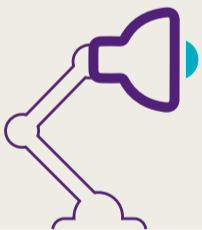

Key

- Above the global net optimism score
- Below the global net optimism score

* Net optimism is calculated as optimistic business leaders minus pessimistic respondents.

ASEAN: a bright spot in the APAC economy

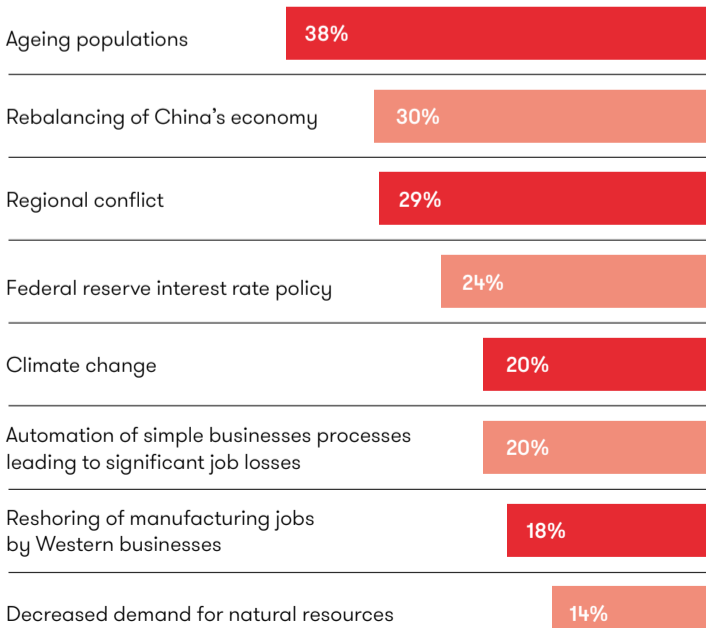

The outlook for the region is sustained, healthy growth of more than **5%** per year between now and 2022¹.
