## About FRAS

Grant Thornton's Financial Reporting Advisory Services team comprises financial reporting, and industry experts, each having several years of hands-on practical experience across GAAPs and sectors. Our professionals uniquely combine their technical expertise with the intuition, insight and confidence gained from their extensive practical experience to develop a systematic, reliable, efficient and scalable reporting framework for converging to the new revenue standard.

This entails a careful and well-documented evaluation (and suitable modifications) of the financial reporting process, in order to achieve an optimal balance between transparency, consistency, accuracy, reliability and speed, while also controlling costs.

## What differentiates us

- We pre-empt problems and draft solutions to them
- Our professionals have auditing experience, which helps them appreciate practical complexities in financial reporting.
- Our team combines accounting knowledge with technological skills to deliver efficient and sustainable financial reporting solutions
- Our senior professionals are chosen experts with deep technical accounting knowledge and vast experience of advising clients on accounting matters
- Our size and structure create advantages for you. We adopt a flatter structure, with shorter decision making chains and empowered teams who are more responsive.
